

Denial Population Demographics: This is a complete dataset of all denials issued in the program by race and ethnicity, as self-reported by tenant applicants in the applications.

This only represents tenant applicants, as this information was not collected from landlords. The dataset shows what percentage of the total denials were completed for each race and ethnicity tracked. This information will adjust as the pending applications receive final determination and the total number of denials increases.

Data as of 4.16.24		Total Number of Denials 242,481
